### **Local Parents Group**

We are a group of parents who are interested in keeping our children at GISNY through 12th grade so that they receive both a New York State high school diploma and the DIA with the option to attend either a US or European university. Therefore, we are committed to supporting the GISNY teachers and administration to bolster test preparation, college counseling, dual language support, competitive sports and extra-curricular activities. Please join us on Tuesday, September 19th at 7:00pm at GISNY, room 28. Please bring your ideas and questions.
